Villages of Woodland Springs Amenity Center  
Fort Worth, Texas

President Jerry Betts opened the meeting at 9:00am by thanking everyone that attended and to 1st Residential for refreshments.

He then introduced the Transportation Committee for their report. Tony DeVito & Rusty Fuller said this committee was formed several months ago to address the money shortage for road work in our area and other concerns. Both committee members have attended some recent I35W coalition meetings. 114 & 377 interchange, won't fix the 114 bottleneck. Eventually plans to go over 377. 287 & 114 section waiting on money to be released. Fixing Harmon & bonds Ranch Road, plans still be worked on. Shortage of concrete. Some Taking volunteers for a ride share committee, contact Tony or Rusty.

(please note Councilman Shingleton was also asked to address the meeting but had previous commitments)

Main speaker for the meeting Councilman Cary Moon was introduced. (see copy of pamphlet from city of Fort Worth, passed out at the sign in desk). Councilman Moon addressed those in attendance regarding the upcoming Charter Election May 7th.

4 thru 11 propositions he recommended one should vote "FOR" or in favor of.

Propositions 1 thru 3 he more in depth in discussion. There was a task for that came up with these. Proposition 1 was for term limits, Councilman Moon was "Against" this.

Proposition 2 was about the number of city Council representation. Councilman Moon was "Against" this saying it would be determined by the 2020 census and would not go into effect until.

Proposition 3 was regarding salary for both mayor and city council reps. Mr Moon wished the task force had split this into two different propositions. He thought the Mayor deserved a raise but not necessarily the City Council. He would vote "For" this only for the Mayor's increase.

Councilman Moon provided his email, FB page and ways to contact him if needed more discussion. Floor was then open for questions.

President Betts thanked all in attendance and meeting was adjourned.
